

Market Making Strategy Rules¹

According to section 3.8.3 in Rules for members of Nordic Growth Market NGM AB, a Member which pursues a Market Making Strategy in a financial instrument admitted to trading on a regulated market or multilateral trading facility operated by the Exchange, shall apply the requirements on volume, spread and presence set out in the Exchange's Market Making Strategy Rules applicable from time to time.

A Market Making Strategy is defined as a Member pursuing a strategy when dealing on own account, involving the posting of firm, simultaneous two-way quotes of comparable size and at competitive prices relating to one or more financial instruments, with the result of providing liquidity on a regular and frequent basis. This means for example that Members pursuing algorithmic trading shall apply these Market Making Strategy Rules. Please note however that an issuer of a financial instrument who has undertaken to act as a Market Maker in its prospectus, final terms or elsewhere shall not apply these Market Making Strategy Rules. Instead such an issuer shall apply the requirements applicable in a separate document, "Market Making Rules", provided that the financial instruments consist of Securitized Derivatives, other bonds or debt securities. A Market Maker in shares shall apply "Liquidity Provider Rules".

In the event that a Member trades on behalf of a client which pursues a Market Making Strategy, the Member shall procure that such a client undertakes in writing to comply with these Market Making Strategy Rules.
